## Turn Your Dreams into Reality

Since 1984, the Building Materials Limited (BML) Do It Center has been a beloved cornerstone of the Turks and Caicos Islands, originally opening its doors on Grand Turk Island. Ken and Abby Adams, the visionary founders, saw a need within the community for a reliable home improvement outlet and responded with dedication and passion. Thanks to the high-quality products, competitive prices, and outstanding customer service, their dream flourished, leading to the opening of a second location on Providenciales. This expansion is a heartfelt tribute to their unwavering commitment and hard work.

With a dedicated team of 200 staff members across its locations, BML Do It Center has become the go-to destination for home improvement and hardware supplies in the Turks and Caicos Islands. Their extensive product range caters to every need, whether you're a professional contractor or a DIY enthusiast. From concrete blocks,

chain link fencing, and structural lumber to exterior and interior doors, flooring, and plywood, there's something for every project.

BML Do It Center doesn't just stop at providing materials; they offer a suite of services to make your projects easier and more enjoyable.

### **Need a new key cut or a screen repaired?**

They've got you covered. If you're searching for that perfect paint color, their advanced color matching technology can recreate almost any shade from a flat, dry sample.

### **Dreaming of a perfect kitchen or bathroom?**

BML Do It Center's design services can bring that vision to life. Their Design Center and Showroom is a testament to the company's commitment to innovation and excellence. Customers can explore an impressive array of ceramic tiles, natural stone, mosaics, carpets, and more, all under one roof.

For those requiring equipment, BML Do It Center ensures a smooth

and hassle-free experience with their well-maintained selection of construction equipment and tools.

Knowledgeable staff are always ready to assist with picking out, assembling, and delivering the necessary items. Additionally, their Providenciales location offers a comprehensive fleet of low-hour, work-ready machinery and power equipment for rent. From Terex Cranes' Boom Truck to the Backhoe Loader, they have everything you need to get the job done efficiently.

This year, the company is celebrating 40 years of service and being a continuous revolutionary force in the Turks and Caicos Islands. At BML Do It Center you're not just a customer; you're part of a family that has been building and growing together for four decades.

Whether you're embarking on a major construction project or a small home improvement task, you can trust BML Do It Center to be there every step of the way, turning your dreams into reality.
